

Reuters Events Sustainability Awards 2024

We are delighted to announce that your submission '*A tool for measuring the Carbon Footprint of recycled aluminum alloys integrated with the company's ERP software: promoting circularity and sharing credible environmental information in the supply chain*' from **Aluphoenix Srl** has ranked overall 3rd position in the year's Sustainability Awards.

With over 30 worldwide entries into this category, it's with our congratulations your entry made it to third position.

Kind regards,

Liz Swift
